53.23 Policy

- 53.23.1 Access to WACDC shall be limited to those persons who operate and command the center and to others specifically authorized. Access to the communications center is available to the public by appointment and to WEBER COUNTY SHERIFF'S OFFICE's personnel as needed.
- 53.23.2 Security measures for communications center
- A. The ability to maintain communications in all emergency situations dictates that security measures be implemented to protect communications personnel and equipment. WACDC has taken protective measures that include locating the center and equipment in areas that provide maximum security, installing bullet-resistant glass in areas of public access, and restricting access to the communications center.
 - B. Security precautions are taken to protect transmission lines, antennas, and power sources.
 - C. Back-up communications are available through the Weber County Sheriffs Office, should the need arise.
