

## GRANT FUNDED EMPLOYEES

A grant funded employee is an employee whose position with the County is funded primarily by grant funds for the purpose of performing work required by the grants. Positions of this kind are intended to exist only so long as the funding from the grant continues. Grant funded employees have all of the same rights as other County employees except as follows:

A grant funded employee does not have any right of continued employment beyond the period of the grant funding. While it is expected that this grant will last from \_\_\_\_\_ through \_\_\_\_\_, there is no guarantee that the grant will last the entire period. The position will exist only so long as the funding from the grant is available.

A grant funded employee whose employment is terminated due to the lack of grant funding does not have any rights under Section \_\_\_\_\_ in the Weber County Personnel Policies and Procedures.

A grant funded employee does not have any right to the County's grievance procedure for the purpose of grieving either the termination of their employment or a reduction in their work hours because of the loss of grant funding, regardless of the reason for the loss of funding.

I have read and understand the above statements and I agree to these conditions of employment.
